

Oracle9i Application Server Portal Handbook (Oracle Press Starter Kit)

Build, deploy, and maintain self-service enterprise portals with Oracle9iAS Portal - the next generation of Internet database software. Includes 3 CD-ROMs containing the official Oracle 9i AS portal product. It uses examples to teach the reader Web development design techniques to improve application efficiency. A clear methodology for Web application development walks the reader through all phases of an Oracle 9i AS portal project. Hand-on examples, simple self-help tutorials, and case studies are provided throughout the book.
