

Comfort Soup For The Mind

A string of coincidences that nevertheless lead to seeing the Light at the end of the Tunnel, even for the reader! The True Story of a woman who becomes the focus of an insidious stalker, despite police efforts the stalker continues to haunt three generations of the family. Handbook for the Dead follows the life of Suzanna Terrell and includes the process regarding the creation of her Scientific Theories. The story comes to a climax as the stalker turns his attention to Suzannas own daughter, and with the help of detectives and the F.B.I. he is finally brought to justice with a magnificent twist! This is an amazing true story and a thrilling page-turner! Actual Case Numbers: Federal Bureau Investigation Case# 04-7850 Prosecution# w-07-cr-104 From the Waco Tribune: GUILTY!! (Federal Case) John Ray Edward Terrell was found Guilty of all charges. They did the Federal case first (so the State case will be later.) There were 12 witnesss besides (my daughter, my daughters Dad, and Suzanna Terrell).. including the F.B.I., US Marshals, even an expert from Toshiba that could prove he bought certain computer parts when he was on the lamb in Ecuador. Shocking: The Human Trafficking charges are dropped!! Quote from the mother:--(This makes me sad, for although I understand I still feel if the girls would have the courage to come forward & testify then John Ray Edward Terrell would have to stand up and face more of what he has done. It would be healing for the girls too.) They have narrowed it down & want to go with the chosen State & Federal charges in the hope that hell take the plea.
