

Everything Sells on eBay - Eventually!: 54 Tips for Selling on eBay

Having recently celebrated my 14th anniversary with eBay, I get asked questions all the time about selling on eBay. As such, I decided I would make a list of tips that can be greatly helpful to anyone getting started selling on eBay things I wish someone had told me when I first got started. I have organized my tips by topic. They are as follows: finding merchandise to sell on eBay, listing your items on eBay, shipping your items, customer service/feedback, and general information. Whether you are selling on eBay to make a little money on all those items collecting dust in your attic or looking to make it a serious part-time or full-time venture, these tips can help you increase your profits, lower your expenses, and enjoy a happy, successful, and profitable experience on eBay. I hope this book can make a wonderful difference in your eBay experience - and all for the cost of less than a cup of Starbucks coffee. Now that's what I call a bargain!
