

Performing the Force: Essays on Immersion Into Science-Fiction, Fantasy and Horror Environments

With the technology of the new millennium continuing to advance, there has been an increased interest in participatory forms of science fiction, fantasy, and horror entertainment such as role-playing and computer games, websites, and virtual reality settings. People seem to have a desire to go beyond the ordinary and well into the fantastic. This work is a compilation of new essays (all but one never before published) written by experts in both electronic and non-electronic game genres, covering computer games, web pages, Internet role-playing, interactive movies, table-top games, live-action role-playing, ghost hunts, action figures and amusement park rides.
