

Algorithms - ESA 2006: 14th Annual European Symposium, Zurich, Switzerland, September 11-13, 2006, Proceedings (Lecture Notes in Computer Science / Theoretical Computer Science and General Issues)

This book constitutes the refereed proceedings of the 14th Annual European Symposium on Algorithms, ESA 2006, held in Zurich, Switzerland, in the context of the combined conference ALGO 2006. The book presents 70 revised full papers together with abstracts of 3 invited lectures. The papers address all current subjects in algorithmics, reaching from design and analysis issues of algorithms over to real-world applications and engineering of algorithms in various fields.
