

## PUNs and DENs: Discovering Learning Needs in General Practice (Radcliffe Professional Development)

With the introduction of yearly appraisals and revalidation every general practitioner needs to be armed with a good Personal Development Plan. This book provides the information needed to create just that. Guiding the reader through the consultation looking for Patients Unmet Needs (PUNs) and the Doctors Educational Needs (DENs), it focuses on those learning needs that help to provide competent care for patients. All general practitioners will find this book a straightforward, no nonsense, practical approach to help them incorporate their learning needs into the realities of everyday practice.
