

QuickBooks 2011 For Dummies

Bestselling author Stephen Nelson returns with big help for small businesses. Offering expert advice, bestselling author Stephen Nelson returns with updated coverage of the latest revisions and enhancements to the leading small business accounting software package: QuickBooks. After a quick review of bookkeeping basics, you'll discover how QuickBooks can help you build the perfect budget, process payroll, simplify your tax return prep work, create invoices, manage inventory, generate income statements, balance accounts, and much more. Veteran author Stephen Nelson updates his perennial bestseller and offers you easy-to-understand coverage of the newest release of QuickBooks. Encourages you to take control of managing your own business accounting and financial management tasks so you can avoid having to hire expensive outside help. Provides expert advice for building the perfect budget, processing payroll, creating invoices, managing inventory, tracking job costs, generating income statements, balancing accounts, creating financial reports, and more. QuickBooks 2011 For Dummies helps you handle your financial management tasks more effectively so that you can effectively manage your business!
