

Special Edition Using QuickBooks 2002

With over 3 million registered users, QuickBooks is the most popular small business accounting program on the market. Special Edition Using QuickBooks 2002, written by a CPA, not a professional writer, offers small business professionals a comprehensive guide to help them accomplish specific tasks, solve immediate problems, and learn new techniques and features of the program. This edition has been thoroughly updated to reflect changes to the latest version of QuickBooks, as well as provide in-depth coverage of general accounting information that those who use the QuickBooks programs must understand. Troubleshooting tips throughout the book answer the questions most asked of QuickBooks instructors. The book includes worksheets and tables that describe QuickBooks features in a way that is easy to understand. In addition, readers find a thorough description of online resources for small businesses. The title also includes bonus coverage of QuickBooks Pro 2002 features, such as time tracking and budgeting.
