

WTF What the F@&k -- A DC Law Enforcement Officers Perspective, From the Inside Looking Out

This book is gritty, street, realistic, raw and politically incorrect. The author talks about different groups of people that he has had dealings with in his 17 years of law enforcement experience. The book is centered in the DC Metropolitan area where the author was a law enforcement officer for ten years. The author then gives the readers a chance to experience what its really like to be a cop on the inside of his former agency. He gives an accurate portrayal of what cop life is really like. This book is not for the weak at heart. Now, welcome to Macs world.
