

Co-dependent... What a Bore and Other Clinical Observations

Codependent. . . What a Bore, and Other Clinical Observations is timely, full of satire, cannot be considered politically correct, and will leave no one who reads it without an opinion. Issues covered are: Codependent Disorder (Not only is it a bore but it is not real, never was and never will be) Battered Women Syndrome (A cop-out for murder) Perception Deception (Perceive it as you wish) Multiple Personality Disorder (As if one is not too much) Cookbook Therapy (Self help?) Repressed Memories Syndrome (Who could forget this one?) Treatment for Sexual Molesters of Children (The great con-game) The Media and Violent Behavior (Is there a connection?) Common Sense (Much too common) Treatment for Persons traumatized by Unidentified Flying Objects (Yes they really treat this)
