

The Shadow Over Santa Susana: Black Magic, Mind Control And The Manson Family Mythos

40 years after the infamous Tate-LaBianca murder case of August 1969, Creation Books presents a definitive account of those killings and their perpetrators, the Charles Manson Family. In this revised and updated edition of *The Shadow Over Santa Susana*, investigative journalist Adam Gorightly takes his readers on a black magic carpet ride from the Hollywood Beautiful People scene of the late 60s through to the vast desert landscapes of a Death Valley gone mad - with all the love-ins and murderous creepy-crawls that happened along the way. The result is the most complete document published to date on Manson and his Love and Terror Cult, an illustrated kill-bible for the coffee-tables of all self-respecting true crime buffs, counter-culture freaks and aspiring teenage satanists. Foreword by Mike Marinacci, author, *Mysterious California*, and co-author, *Weird California*. Includes over 100 photographic illustrations.
