

## Polar Attack: From Canada to the North Pole, and Back

On June 15, 1995, Weber and Malakhov became the first people to complete the 1,000-mile round trip to the North Pole on foot with no outside support. Their triumph of having reached the North Pole was followed by a dangerous 31-hour marathon through a blizzard to reach their camp--six kilometers away--where they had left all their supplies and equipment. This book presents the gripping tale of their determination to complete this historic expedition. of color photos.
