Proceedings of the Third Collaborative Research Symposium on Security, E-learning, Internet and Networking (SEIN 2007)

This book presents the proceedings of the Third Collaborative Research Symposium on Security, E-learning, Internet and Networking, hosted by the Information Security & Network Research Group at the University of Plymouth, UK, on the 14th and 15th of June 2007. All authors are researchers from the Universities of Plymouth, Darmstadt and NEWI in Wales. They are with one exception PhD students or postdoctoral researchers working in the presented areas. We hope this book can show new and interesting ideas for a wide audience especially for those who could not attend the Symposium.
