

Silent Cries of Victims

Silent Cries of Victims takes the reader into the heart of child abuse, domestic violence, disorders, and addresses these issues right along with world issues. One woman survives violent attacks, child neglect, child abuse, while suffering with multiple personality disorder - MPD and Posttraumatic Stress Disorder - PTSD. The book takes the reader through horror while addressing world issues including religion, politics, laws, psychology, and much more. This is a book based on real events, and the truth must be told. Silent Cries of Victims include photos, police reports, and has been previously published and promoted in New York Times, and has inspired changes in laws, and opened the doors to the Clothesline, stopping the violence against women and children. Inside the mind of the victims are cries that are rarely heard...now reach out and touch the Silent Cries of Victims.
