

## Computational Methods in Systems Biology: International Conference, CMSB 2006, Trento, Italy, October 18-19, 2006, Proceedings (Lecture Notes in Computer Science / Lecture Notes in Bioinformatics)

This book constitutes the refereed proceedings of the International Conference on Computational Methods in Systems Biology, CMSB 2006, held in Trento, Italy, in October 2006. The 22 fully revised papers presented together with 2 invited talks were carefully reviewed and selected from 68 submissions. The papers present a variety of techniques from computer sciences, such as language design, concurrency theory, software engineering, and formal methods.
