

## Beyond White Mischief: The Memoirs of a Tea Planters Wife

When Sheila Ward went off to RADA to train as an actress in the early 1950s, she had no idea of the stormy path her life would take. After a short career as an actress in rep, with all the joys of juggling different roles and the comic possibilities of living in grim digs on very little money, she met and married a tea planter, and went off to live in Africa. Through Sheilas diaries, life in Africa springs into sharp relief as she learns to live with snakes, bugs and the recalcitrant servants. Sheila and her husband have four children and gradually adapt to a very different way of life. She meets the author Gerald Durrell, and Joy and George Adamson of Elsa the lioness fame, entertains fellow ex-pats and learns to love the unique terrain of Kenyas hills.
