

Stealing Home: Israel Bound and Rebound

Stealing Home is an at times witty, at times grave, at times hopeful, and at times cynical, but always thought-provoking collection of autobiographical essays. This book is a mans bold yet humble analysis of his own choices, particularly of his decision to give up a modest, bucolic, and secure academic life in California for an even more rewarding and meaningful one in Israel. These twenty-eight wonderfully written essays leave no delicate subject untouched. Chertok exposes the materialistic shallowness of many American assimilated Jews. He describes his experiences in the Israeli army and his growing distress with Israels involvement in Lebanon. He bemoans Israels schools, he criticizes Israels treatment of the Arabs. He is, in fact, a rare bird- a dedicated Zionist and an observant Jew who despises narrowmindedness in any shape or form, whether it be cultural, social, left-win, right-wing, or religious. This book is essential reading not only for those concerned with Israel or with the Jewish-American experience. Stealing Home addresses universal issues that have concerned all people in all nations throughout history. It is a book about finding ones place in the world...without becoming complacent or self-righteous.
