

The Dig Official Players Guide

Join Commander Boston Law and the crew of the Atlantis as they rush to derail an asteroid that's on a collision course with Earth. If you succeed in your mission, you'll want to investigate those strange readouts coming from the asteroid's interior. But be careful—the alien puzzle and you'll be thrown light-years through space onto the surface of what looks like a deserted planet. Before you can make it back home, you must unlock the mysteries of this distant world; What are those ghostly visitations? How can you travel from spire to spire? And why is geologist Ludger Brink beginning to behave...unusually? The Dig Official Player's Guide, written in cooperation with LucasArts Entertainment Company, holds the key to all the riddles you'll encounter in this challenging and beautifully rendered graphic adventure. Inside you'll find: A comprehensive walkthrough of the game, complete with all puzzle solutions. Indispensable maps covering The Dig's rooms, caves, spires, and waterfalls. Tiered hints that take you from earth to deep space and back again. Tons of original sketches and paintings from the game's artists. A revealing look behind the scenes at the LucasArts wizards who brought The Dig to life.
