

The Big List of Game Publishers: A Marketing List and Monetization Guide for Web & Mobile Game developers

The Big List is a compiled resource of game publishers and organizations providing sponsorship, partnership, funding, affiliate, promotion, market distribution, and other monetization opportunities for your games. This is no frills marketing list and monetization guide with over 80 pages of listings (and growing). If you're looking to make money selling HTML5, Flash, and Unity Games for the Web and Mobile markets, the Big List is the one resource you'll need to define and spearhead your marketing strategies. All information is alphabetically sorted and formatted with Tag identifiers to help clarify the resource listed that and formatted with hyperlinks, so you can quickly navigate directly to the publisher sites and pertinent information, and contacts.
