

The Gangsters Wife: An Empire Built on Cards

For almost four decades, Margaret Mags McGraw was a keeper of secrets. Her husband, Tam, the notorious Licensee, amassed a fortune by leading a safe-cracking gang before masterminding a spectacular \$50-million drugs racket. Mags was a devotee of Tarot cards and fortune telling, so when Tam and his associates wondered whether luck would be with them, it was to her that they turned. But Mags discovered that the cards warned of much more than years in prison cells: they predicted death. She learned that her own husband was also doomed to a fate that was unexpected by everyone but her: Tam died in the arms of the wife he called his rock while her secret lover frantically tried to save him. In *The Gangster's Wife*, Mags reveals her gripping life story, from being a London clippie through often hilarious days running an ice-cream van during the infamous Glasgow Ice Cream Wars to managing a notorious bar, being agony aunt to the toughest criminals around, hiding a secret love and sharing a life with The Licensee.
