

# The Hypochondriacs Handbook

Feeling good? Are you sure? This hilarious guidea sequel to the best-selling Paranoids Pocket Guideis guaranteed to make you wonder. With hundreds of symptoms to watch for and in-depth information on the latest germ mutations, this compendium offers compelling proof that there is always something to worry about, even if you seem to be in perfect shape. A must-have for todays health-conscious individual, it also reveals worrisome facts about doctors and insurance companies. Its packed with black-and-white photos documenting everyday items that can menace your healthoften seemingly harmless items such as a pencil or a water fountain. Fortunately, this book will make you laugh, which releases endorphins and promotes healthfor the moment. For soundness of body and mind, read the Hypochondriacs Handbook. Better safe than sorry!
