

The Servant Warrior - The Role of Faith in Law Enforcement

The Servant Warrior was written to be an encouragement to all who already are in law enforcement, are considering law enforcement as a career and those who care about those in law enforcement. The Servant Warrior challenges the view that faith in God is a weakness or that there can't be a loving God in a world gone mad sometimes. Faith is a strength and supports the career of law enforcement. God cares deeply about this profession, provides direct proof of his support and provides guidance to those who follow this calling. As our Heavenly Father, he says I approve of who you are! As a Servant Warrior, we are invited to two distinct roles. One is to serve the public well and the other is to be a warrior in the face of evil to protect the public from evil. The Servant Warrior explores these roles from a Biblical perspective. The Servant Warrior looks at the role of leadership, maintaining wellness and the importance of a committed marriage partner as a support mechanism for those in law enforcement.
