

Adventures of The Village Idiot: The Village Idiot

Whenever The Village Idiot thinks that life couldn't get any better, BAM!, The Twilight Zone kicks him right in the belly. Find out how he and his banditry of heathen brothers snake their way through life's chaos. Set up in a series of non-fiction short stories, The Village Idiot, which ironically was the name of the commercial fishing boat he fished on in Alaska. The author adopted the name Village Idiots as a nickname for him and his heathen brothers. A book of You-Cant-Make-This-Shit-up stories, all based around the author and lead Village Idiot, Zachary S. Taylor. Each story is more bizarre than the next, making them a quick read, perfect for the man of the family, next-to-the-toilet-bowl reading material. Zeke has lived the gypsy lifestyle for more than 20 years. His travels have taken him from one end of the planet to the other, many, many times. A former United States Marine, Alaska Commercial Fisherman, Alaska Mountain Guide and Expedition Leader, Hard-Core Biker, Dog Trainer, Ladies Man, Adventurer and Storyteller, give him real life experiences to tell a good story. If you have ever run into him having a sociable at the local watering hole, you may have already heard some of these time tested master pieces. Now, before I blow too much smoke up my own ass, enjoy the day. Peace.
