

## The Whole Art of Ventriloquism

Originally published in the 1930s, this is a comprehensively detailed guide to ventriloquism by a master of the art. The first part relates to the mechanism of ventriloquial voice, and describes the principles on which the art of ventriloquism is based and the correct methods of applying those principles. The second part is devoted to imitations of animals, birds and musical instruments. The third part deals with ventriloquial entertainments with figures. It contains information as to the construction of figures, mechanical appliances for working them, and suitable dialogues between them and the performer. Contents Include: How Do You Do It?
