

The Worlds Worst Crimes: An A-Z of Evil Deeds

Some kill for money, others for sexual kicks. Some kill out of boredom, others because they've developed a taste for death. The motives that drive people to perpetrate the most terrible acts are many and various, and so are the crimes they commit. From the Acid Bath Murders and the Birmingham Church Bombing to the Voodoo Killings and the Woman in a Box, every category of crime is covered as our intrepid author sifts through the evidence to present a grisly but compelling history of the worst crimes ever.
