

The Adventures and Misadventures of Ace the Pilot

The Adventures and Misadventures of Ace the Pilot chronicles the deeds done right and deeds done wrong that the featured pilots lived through with sheer luck and by the grace of God. The stories included in this collection are true-at least as true as you can expect from pilots- who are not reliable sources So Ace the pilot will take some of the blame and all the credit for these stories. Author Butch Childers was a pilot for over eighteen years. Some of the tales are about him; some are about pilots he had the pleasure, or in some cases, the displeasure of sharing a flight or two with over the years. From First Ride in a Chopper to Ducks in the Flap, this collection of stories provides an inside look at the ups and downs of being a pilot, private or commercial. Whether you are a pilot or not, these stories are bound to pique the interest of anyone who has an interest in flying. This realistic collection of stories will resonate with pilots and civilians alike.
