

Uncle Bills Bedtime Stories for Progressives: (Along with Selected Fables for Conservatives)

Have you ever wondered why all the traditional bedtime stories have such a brutal, conservative slant and bias? Think about it. The standard formula -- kid misbehaves, kid gets caught misbehaving, kid gets torn to bits by bears, eaten by wolves or slow-roasted by witches. Are **THOSE** the images **YOU** want to send your kid off to sleep with? Wouldnt you rather be able to tuck your kids in at night with some positive, life-affirming, choice-affirming **PROGRESSIVE** bedtime tales? Sure you would. Thats why I offer my new book: **UNCLE BILLS BEDTIME STORIES FOR PROGRESSIVES** A lot of these stories have already appeared either on my blog or on my Technorati column. But many have not. 30 stories in all, also, an appendix of many, many foto-shopped funnies for your kids to enjoy! Now, because I can spend Conservative money as well as Liberal money, Ive thrown in a few Fables for Conservatives. Ill be producing this as an audiobook as well, with the conservative fables being read by none-other than the Prince of Darkness, Satan. If your kids have a grasp of irony theyll enjoy these as well. The conservatives will think the whole book supports **THEIR** point of view. Remember, they think Stephen Colbert is an actual conservative. Send your kids off to dreamland with stories that dont dumb it down for them. Your kids are hip and smart, and we **NEED** the next generation to be hipper and smarter than **WE** were. We need them to realize that TMZ is **NOT** the news! We need them to realize that FOX, MSNBC, CBS, NBC, CNN and ABC are all corporate-owned and tell us what **THEY** want us to know and believe. We need the **NEXT** generation to have the capacity to **THINK FOR THEMSELVES**. This is my contribution. Enjoy.
