

Visual Maui

Visual Maui is the second book in a new series of coffee table books from Mutual Publishing featuring a photographic tour of our island paradise. With this book readers will discover all the beauty the island of Maui has to offer, from the breath-taking curves of Hana Highway to the moon-like craters of Haleakala. Visual Maui is an exquisite collection of photographs captured by the lens of longtime island photographer Douglas Peebles coupled with captions from Maui resident Jessica Ferracane.
