

Califas: The Chicano Story

Have you ever wondered what it would be like to go down the road of crime, becoming a member of organized crime, a hit man, and save your soul in the end? Now you don't have to wonder any longer. Here are the true events of one man who lived through those exact questions, for the first time ever publicly, giving out inside information of a secret criminal organization called the Nuestra Familia and the Nuestra Raza called Northern Structure. This true story of crime, hatred and betrayal also includes how he stood up against this secret society and the justice system to gain his freedom back.
