

My Spiritual Journey in War-Torn Liberia

Against the backdrop of civil war in Liberia, popular ELWA Radio announcer Fayia Kabaa uplifted the Kissi people, inspired them, and gave them hope. With his eloquent presentation of Kissi stories from the good old days, his thought-provoking messages, and his encouragement in the practice of Christian virtues, Kabaa has left a lasting legacy for the Kissi people in Liberia and Sierra Leone and around the world. In his autobiography, *My Spiritual Journey in War-Torn Liberia*, Fayiah Kabakole hooks the reader immediately with poignant narration of his father's heartaches and challenges, perpetrated largely by his own family members. He artfully weaves his stories to maintain the reader's interest as he progresses from his father's victories over evil deeds to his own triumphs over adversity. Along the way, he educates and enlightens about Kissi culture, traditions, and practices.
