

Moms Loves Little Piggies: Jokes and Cartoons in FULL COLOR

This is a series of books designed especially for mom. All the quips, quotes and/or jokes were selected from the best sources available and are guaranteed to please. The unequalled wit and humor is enhanced with clip art, cartoons and illustrations the combination making the books in this series standalone above all others and are something to really be appreciated. You cant go wrong with these books and mom will love every one of them. Isnt mom hard to buy for sometimes? Havent you bought her enough of the same thing every year for her birthday or for Mothers Day? Well, you can still buy her those things, flowers and chocolate never really get old, but it would be nice to spice it up with something a little different that would, also, bring joy to her heart, a book that would give her a good old fashioned chuckle. They are not books to read only once and then be put up on the shelf to collect dust, they will be read time and time again. Ageless humor that will never grow old.
