

With a Critical Eye: An Intellectual and His Times

Internationally renowned sociologist, Arthur J. Vidich (1922-2006), was an active researcher and teacher whose career spanned the second half of the twentieth century. *With a Critical Eye: An Intellectual and His Times* recounts Vidich's career in the wider cultural context of his life and work. Providing a window into post-World War II intellectual life, the richness of the autobiography lies not only in Vidich's perspectives on the academic world, but also in his personal and sociological observations about the world around him. Best known for his book, *Small Town in Mass Society* (co-authored with Joseph Benschman, 1958), Vidich taught for more than forty years at the New School for Social Research in New York. He published eighteen books, co-edited a book series with Robert Jackall, and was the founding editor of the *International Journal of Politics, Culture, and Society*.
