

The Worlds Worst Puns

To paraphrase Mae West, Puns are only good when they are bad-and here is a collection of the very worst in the world. John S. Crosbie, who People Magazine called the worlds reigning guru of puns, has put together a collection of groaners that every punster will love. Loaded with more than 200 puns, the Worlds Worst Puns includes such punny subjects as are, business, film, grammar, love, money, people, sports and much more. John S. Crosbie has written many humor books, including Crosbies Dictionary of Puns. As he says, My greatest contribution to humor came when I was given a pet lizard, I taught it to walk on its hind legs. It became the worlds first stand-up chameleon. John S. Crosbie is also the Chairman of the Bored of the International Save the Pun Foundation.
